HONG KONG JUNIOR CHAMBER OF COMMERCE

OCTOBER '94

Corporate Sponsors 1994: CORPORATE PRESS (HK) LTD 高碧（香港）有限公司 Film of the Year

Message from National President

To me, the 1994, National Convention hosted by Victoria Jaycees was a great sucess, both externally as well as internally.

Externally there were altogether over 50 media representatives present to report separately on the 3 main programs namely, the Opening Ceremony, Theme Seminar and Ten Outstanding Young Persons Selection press conference. This is another record for the Hong Kong Jaycees.

Internally we sucessfully affiliated the 18th Chapter Apex Junior Chamber, elected the 1995 National President Senator Raymond Yu and his EXCOM cabinet, ran very good business sessions and presented 19 awards or certificate of merits, apart from the 3 big funtions already mentioned above.

I recognized in the Award Banquet the self-less attitude of 2 Chapter presidents who have submitted pre-entries to bid for individual awards (outstanding LOM Presidents), but they were willing to sacrifice potential personal glory and spend the available time in award entries for the Chapter instead. They did not have time for their own personal bid books.

I would like to share with you the speech I made in the Opening Ceremony so that even for those members who could not make it to the Opening Cermony may still get a feel of what it was like on that occasion.

My speech went like this:-

"1994 has been a year of achievements for Hong Kong Junior Chamber of Commerce. After the inital warm-up period in May, we started to show our power in the Singapore Asia Pacific Conference by capturing 10 awards.

In the same Conference we also made history by winning for the first time the World Speaking Competition and also held the first international training seminar (Training Quartet). Today we are making another history by having the honour to invite the Director of Xin Hua News Agency, Mr. Zhou Nan, to be our Guest of Honour.

Actually good news keeps coming our way. After this Convention, very soon we will go to Kobe of Japan for the JCI World Congress. We are going to continue hosting the International Training Quartet. After almost 10 years, in the Ten Outstanding Young Persons of the World Selection, one awardee in 1994 comes back fromHong Kong. I have to keep the name serret until we come back from Kobe and then this Outstanding Young Person will be introduced to all of you. Of course, in the Congress we will also support our current serving JCI VP Senator George to run for the post of Junior Chamber International Executive Vice President for 1995. And who can rule out the possibilities of a third JCI World President from Hong Kong. I think only George can say something for sure.

The 1994 National Convention has chosen the theme " Hong Kong - China :21" since now there are numerous interactions of the two places in so many areas, which virtually created an unbreakable bond. So many people are now working in Main Land China that some of the skeptical people start to say it is a brain-drain or creating social problems (we have heard a lot of about second wives in China). On the other hand, those who are more positive look at it as providing more opportunities and maintaining the momentum of growth in Hong Kong.

Coming back to our dear members, Hong Kong Junior Chamber of Commerce is undergoing a transition in much the same way as Hong Kong. We are getting better and better quality members. At the same time, the mobility also increases tremendously. There are just as many going into Main Land China as those going around S.E. Asis or even beyond. This year our National Board is one very good example. We are called the most-out (not outstanding!) but most out-of-town National Board. We are getting lesser time for Jaycee activities in H.K.

Thus, I would like to encourage all our member to make the best use of your scarce resouces TIME. Grasp the opportunity and fully utilise the Jaycee training, starting now. Participate and enjoy every minute of this National Convertion."

周社長，各位來賓，如果我的普通話說得不好，請大家不要笑得太厲害。

香港青年商會從1988年開始正式的跟中華全國青年聯合會互相拜訪一直沒有間斷過。最近的幾年，我們更合作辦了一些活動，好像去年我們合辦一個訓練的課程。而今年八月我們到北京訪問的時候就跟青年企業家協會合作了一個稅務的研討會，引發了熱烈的討論，增進了大家對中國新的稅務制度的認識。同時我們也鼓勵十八個分會跟各省、各市的青聯作類似的交流，希望青年人合作對社會有更大的貢獻。

何耀雄
總會會長
28 Oct, 1994.

JCI Corner

Going for Gold With JCI President Arnaud Godere Experiencing the Spirit of our Major Emphasis Theme

As your President, I have been experiencing the spirit behind our Major Emphasis Theme, "The Age of Global Citizenship," these past weeks. I wish to share it with all of you.

The Spirit of Mottainai

In environment, the Mottainai Movement is gathering momentum and reaching full speed in all our NOMs. I recently came across a notice in one of the bathrooms of a hotel in which I stayed. It read, "Dear guests, can you imagine how many tons of towels are unnecessarily washed everyday in all the hotels in the world, and the monstrous amount of washing powder needed which thereby pollutes our waters?" How true this is! During my travels, I now pay more attention to the towels I use - one of the ways I practice "Mottainai" during this Golden Year."

I wish to congratulate Jaycees Turkiye for its organization in Antalya of the first Mediterranean Environmental Conference, held March 16-20, 1994. I had the opportunity to attend this international conference. I was able to measure the degree to which six Mediterranean NOMs (France, Greece, Italy, Monaco, Spain and Turkiye) - which signed an International Declaration on Environment to avoid further pollution in the Mediterranean Sea - are taking solid and effective measures to make our World a better place.

On economic development, we are looking forward to obtaining some funds from USAID, UNEP, and other similar orgainizations to help finance our development projects such as the Eastern European NOM Development Plan, "Opportunity for Change." Interesting contacts were established lately in Washington with the Chief Administrator of USAID, J. Brian Atwood. Also, we need to encourage NOM-to-NOM assistance and North-South co-operation more and more.

NOM Business Networks

During my travels, I saw that many national organizations are setting up their own business networks, and this is an excellent idea. Henceforth we should arrange to have these various national business networks linked to our JCI International Business Network (IBN), thereby creating more business contacts and opportunities. The new IBN Council - during its first meeting at the Bali Business Conference in Indonesia in September - will look into these new opportunities.

ORT Anniversary Celebration

On *the future of children*, the celebration of 25 years of Oral Rehydration Therapy (ORT) by UNICEF, and my meeting with its Executive Director James Grant provided excellent occasions for Junior Chamber International to strengthen its co-operation with UNICEF. It was a golden opportunity to show to all the government ministers and officials present some of the achievements of the Jaycees in caring for the children of the earth.

These are only a few of the many projects and actions conducted by our Jaycees worldwide under "The Age of Global Citizenship."

Yours in Jaycees,
Arnaud Godere
JCI 49th President

STOP THE PRESS...STOP THE PRESS...STOP THE PRESS

Presidential Golden Achievement

On March 12, 1994, celebrating Independence Day, Republic of Mauritius President Cassam Uteem awarded JCI President Arnaud Godere the distinguished honor of "Officer in the Star and the Key of the Indian Ocean (O.S.K.)."

This unique honor, equivalent to the O.B.E. in the United Kingdom, is awarded for distinguished contributions rendered in the area of community service.

We all join in congratulating President Godere on receiving this distinguished honor - an exceptional example of achieving excellence as we celebrate our 50th Golden Anniversary and Go for Gold!

JCI President Arnaud Godere attends the celebration of the 25th Anniversary of ORT at the Pan American Health Organization building. Attendance at the prestigious meeting included 30 health ministers, UNICEF, The World Bank, USAID - with Junior Chamber International honored to be the only NGO present.

JCI President Arnaud Godere presents a pair of calipers to a polio-afflicted boy. Junior Chambers of Visakhapatnam donated 50 calipers to commerorate the 50th JCI Golden Anniversary during JCI President Godere's visit to India.

ON-TO-KOBE WORLD CONGRESS

JAPAN... the Past greets the Future

"Japan is one of the world's most exciting meeting venues. It is a country where traditions mingle harmoniously with the latest technology, where busting urban activity contrasts vividly with sleepy village life. East and West, old and new - Japan offers the experience of a lifetime.

Kobe beckous you...

The 49th JCI World Congress / the JCI Golden 50th Anniversary will take place in Kobe, Japan, from Nov. 12 to 19, 1994. This unique and historic Congress will offer you a dazzling, unforgettable meeting experience.

With the theme "GLOBAL COMMUNICATION FOR THE FUTURE - WITH MOTTAINAI SPIRIT", the Kobe JCI World Congress will offer you an opportunity not only to communicate with other young people from all over the world but also to contemplate JCI's past, present and future."

So, it is really worth to join us together to this HISTORIC congress. See you all in our Hong Kong delegation tour.

Presidents' Academy

August 30-31, 1994

"GO FOR P, P IS ME, HE HE HE ! !"

For those who attended the Presidents' Academy on August 30 and 31, they all shared the same rapture, enthusiasm, and energy towards the expectancy of a year of P (standing for Presidents) in front on them.

Taking place in the Panda Hotel, the 26 participants have had some memorable and heart-touching time for some 28 hours together. Many of them hardly has the luxury of more than 4 hours of sleep. This could be perhaps the prelude to the next 15 months ahead.

Sharing with us valuable experience and tutors of inspiration and motivation are:

Senator Paul Chan, AMT, started the program with an paradox asking participants to take the choice of CHANCES. Food for thought.

Senator Bassanio So, founder of spirit and design of the first ever Presidents' Academy program, the topic of "Nature of voluntary organization and its leaders".

How do you feel? Go for, Go for..... Go for p &
Go for Gold!!!

Happy Birthday to the **"Born Again"** *participants.*

National President Senator Ronald Ho shared with us the topic of "Visionary Leader". Where does Vision takes you to?

Past National President Senator Junia Ho walked us through the episodes of image and skills of a leader in the Jaycee context and beyond.

This is in fact not enough for the day and everybody were asked to spend some good time in the evening going through a task of "Meeting thr challenge, how to vitalize the organization futher to grow from strength to strength". The essence is to enhance a heart to heart experience and value/opinion exchange among the different LOMs.

The next morning, with the usual enthusiasm even at the state of pregnancy, Senator Caroline Keung AMT brought a re-birth to everyone and went on to help participants on a course of "The coach in you, Presidents".

Swiftly after, our National Immediate Past President and JCI Vice President Senator George Lung led us to sing a song of "When I was young, I asked my mother, what will I be, will I be handsome? Will I be rich? This is what she said to me . "Hey Sara, Sara, Sara. Whatever will be, will be, the furture is ours to see, hey Sara, Sara. What I THINK, WILL BE .....". We were then asked to blindfold ourselves, and shouted out THE VOICES WITHIN OURSELVES. Listen to our real needs and wants inside, our aspirations ..... The participants were totally carried off and Senator George continued to share his perceptions with the JCI involvement, the learnings he gained from the visitation of other NOMs, the edges he compared Hong Kong to other NOMs..... etc. etc.

Go for P. P. is me. He He He!!!
Look at the Happy Presidents-to-be.

Afterwards, all the groups were asked to present the fruit of their assignment and went over a heart-to-heart sharing of their experience. Quotable quotes were:

"I really get scared now that I started to be more aware of what is the expectation to be a President. I almost wanted to withdraw from this decision. But on second thought and chatting with the classmates here, I felt much better. I know I have some real good buddies here who are walking the same path as me. I am not alone."

"Are you ready? Okay, say in a loud voice what you wanted inside you. Just yell out."

"I felt real good with the session. I must think about how I can bring back the same good talk, good foresight with me back to my own boardroom. This is exciting for me. I felt I learnt a lot."

"I have never thought about what I will present to the next President after me, or the second and third next Presidents after me. I learnt now to think what's good for my LOM with a long term perspective. Being a President does not mean you are in charge and plan for that year alone."

Fellow Jaycee members, are you motivated and inspired by these incoming Presidents? Do you wish to follow their footsteps and go through a vigorous, heart-thrilling experience and run for a position in the next calender year? Come and join the forces here !

Jennifer Cheng
National Executive Vice President
