Message from National President

競賽的意義，香港青商的風采

在今年第一個國際青商會議上（新加坡亞洲大會），我實在以身為香港青商為榮。

不論是獎項的多少，不只是「香港之夜」取悅VIP。我見到的是一群努力而有創意的籌委成員；我見到的是熱誠的演講；我見到的是有水準，有觀眾的訓練講座；還有是奪得不是一個，而是兩個大獎的默默耕耘；當然香港青商團隊精神亦可以一斑。年初我跟 Jennifer 和 Burton 商議九四年的訓練項目時，我希望加上一個演講比賽，作為在這方面對會員的訓練，亦作為亞太大會的選拔賽。我在四月份已經談過在香港比賽時的精采過程，想不到這祇是戲的開始。

我們的代表 IRENE TSANG 是一位嬌小玲瓏的甜姐兒。雖然工務繁忙，IRENE 仍然專程前來新加坡參賽。她是眾多比賽者中第一位走出演講台，不需任何講稿或道具，以流暢和真誠的態度發揮「青商五十年的成就，前路又是何去何從？」當然她的演說博得台下掌聲如雷，但其中兩位對手分別來自台灣和馬來亞的青商亦是相當有份量的。IRENE 比賽完畢之後就匆匆先回港。我真希望IRENE 可以親身感到那份以真誠和技巧換來的嘉獎，同時領略自己為香港青商近年歷史創造一個新記錄。香港青商將代表亞洲區跟其他三個地區在神戶世界大會再比試。希望大家十一月都要到日本再替 IRENE 打氣。

不論得失，香港青商努力成果共分享

令我特別感到欣慰的是在頒獎禮上大家努力成果的分享；「香港之夜」的改變；和在國際青商層面上香港主辦講座的突破。在亞太大會，香港總會及分會今年一共取得十個獎項，但更重要的是獎項的分佈甚為平均，並非一面倒。這是對大家的鼓勵。尤其是獅子山青商不單奪得「Most Qutstanding Civic Involvement Project Award」，更憑他們這個「器官捐贈工作計劃」取得全場最傑出成就獎，大家一定要替會長UNICO 和上屆會長KAREN 和她的一班籌委再三恭賀。

另外在極度缺乏事前宣傳和欠安排國際會議經驗的情況下，我們是成功地主辦了第一次在國際青商亞洲區會議期間的訓練講座。這實在是我們培訓及發展委員會和一群熱心會員努力的突出成果。相信所有香港青商都非常享受「香港之夜」。籌委早已安排了一系列與以往多年不別的攤位遊戲，通過生動的形式讓外國青商認識香港，當然還有豐富的表演節目如舞獅，歌唱和舞蹈等。國際青商各位要員包括世界會長等一早便到場參觀，極之賞面。整個「派對」到十一時多才在一片歡樂的「東方之珠」歌聲和全部香港青商熱情奔放的舞步中結束。

歡樂今宵「牙較」賽，別外生面十傑選舉開幕禮

那方的亞太大會剛結束，我們剛回港又準備另外一種競賽，可能很多會員當時還在開會，六月三日晚上我們應無線電視邀請在歡樂今宵參加九四世界盃問答比賽，我們的對手是粵劇紅伶組成的八和會館，不要輕視這批粵劇老倌，他們亦不乏足球「發燒友」。幸好我們有充份準備，副會長 EDWARD 和城市上屆會長KENNETH 每答必中例不虛發，反觀八和的朋友按制較快，但得失參半。還有一個「講波」的環節；八和方面由羅家英先生評述，而我方則有資深會員陳守真參議員以清楚和熟練的旁述再下一城。當晚總成績香港青商以七比四勝出，除了「牙較」外亦替會方奪得一部價值一萬多元的手提攝錄機。

如果各位會員覺得記者招待會一定是要正襟危坐四平八穩在一個會議室舉行的話，你一定錯過了今年「十大傑出青年選舉」的開幕禮。雖然前幾天一直下著雨六月五日當日天公造美，晴空一片，就在香港大會堂低座廣場我們安排了部古式古色的雙層開篷巴士。在幾位主禮嘉賓和九三年度十傑得獎者發表過他們的感受後，剪綵儀式簡單而隆重，接著一大伙兒就乘坐這輛佈置得七彩繽紛的巴士由中環駛往銅鑼灣。途中在銅鑼灣及返回中環後我們都停下派發報名表格和宣傳氣球給途人和拍下一些珍貴的照片留念。有數位記者朋友差不多全程都和我們一起，相信他們亦覺得是比較有新意。

各位會員，請你們立即行動，今天就請你自己或請你的朋友提名傑出的青年人參選，讓社會大眾亦能分享他們的努力和卓越的成就。

總會會長 **何耀雄**

The Marketing Mission Of Our Time

A highlight of the Hong Kong JCI World Congress was the signing of the joint declaration between Junior Chamber International and UNICEF. The Declaration renews Junior Chamber's resolve and commitment to save infants and young children from dehydration and death through the life-saving power and technology of Oral Rehydration Therapy (ORT).

Junior Chamber further resolved:

*To support the global goal of 80 percent ORT by 1995;

* To launch a global communication mission to spread the knowledge and use of ORT to every family on earth;

*To assist in doubling the global production of Oral Rehydration Salts (ORS) from 500 million packets to 1 billion packets;

* To work with local groups and organizations to ensure that every family has access to ORT packets within walking distance;

*To ensure that medical professionals and health workers become promoters of ORT treatment;

*To urge provincial and national governments to give the highest priority to children and infants, especially those at risk.

Over 3 million children under 5 years of age die due to diarrhea and dehydration every year; 90 percent of these victims could be saved. According to Richard Reed, Public Affairs Director for UNICEF, "A country will never bring down its birth rate until the number of child deaths is down," The UNICEF and JCI mission for Global ORT is saving 2 million lives [through] the family power initiative, giving every family in the world the capability to save the lives of their young children by enabling them to do so with the knowledge, the technology and the product.

By marketing the Global ORT initiative, Jaycees hope to place this life-saving technology in the hands of the most remote and needy families and children.

Through this Global ORT initiative, JCI members can save 20 million lives What better gift can JCI offer to humanity in the millennium?

Signing the ORT Declaration in Hong Kong General Assembly-from left are: JCI Secretary General Benny Ellerbe, Senior UNICEF Advisor Dr. Monica Sharma, UNICEF Director of Public AffairsRichard Reid, and JCI President Robby Dawkins.

"The Impact of Obscenity towards Youth in 90's"

It was successfully held on March 18 at the Chamber Office. The group aimed at introducing its restructuring background subsequent the endorsement by NOM Board in February; and raising the civic awareness of Jaycees in various heated topics in our socio-cultural contexts.

26 Jaycees were impressed significantly by the presentation of the Guest Speaker, Mr. Cheng Kar-fu, who has been carrying out lots of research and community work concerning the topic "The Impact of Obscenity towards youths in 90's".

Information was disseminated by display of publications, audio-visual aids, and through group discussion embedding role play respectively. The ambiance was embedded with excifement and insight.

Major problems are as follows:

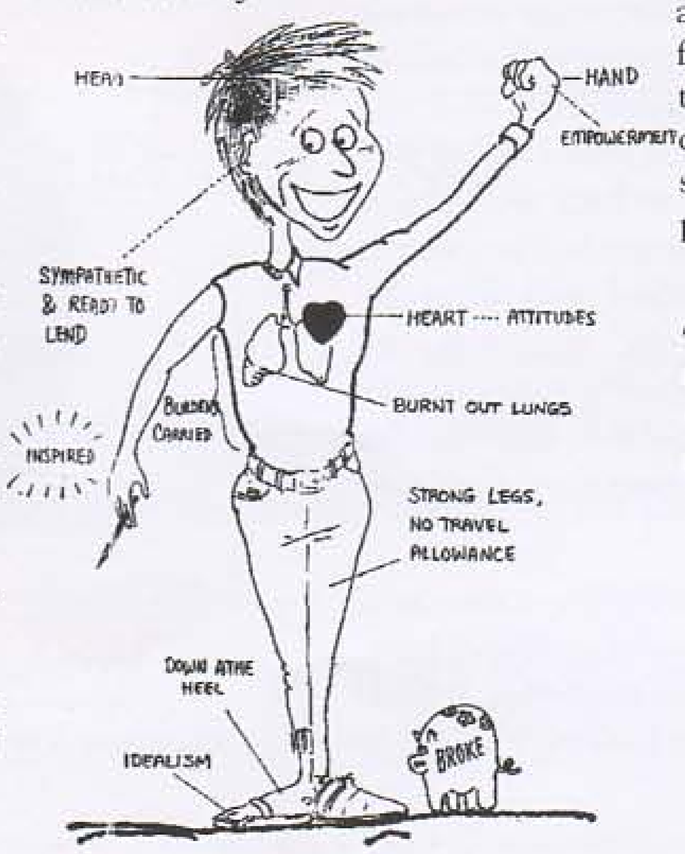
1) The ambiguity of the Legislation in respect of controlling display and publication of obscene articles.

2) The display of such articles is at rampant growth in public places of which youth under 18 years of age can also make easy access.

3) Difficulties in enforcing such legislations because of inadequate manpower.

4) The warning words printed on the front cover of such articles are too small in size to draw attention to the readers.

How to position our organization in the society ?



There was discussions as to the effectiveness of enforcing legislation and imposing a heavier fine on publishers since the publishers can easily find loopholes in circumventing such policies. The participants, however, were quite alarmed with the extent of the current existing ideologies and illustrations contained in such publications on street stalls with easy access. It is recognized that parents should be educated on such phenomenon. As a citizen, we should make use of the government's HOT LINE available for identifying similar obscene publications. The majority of the participants also favoured government imposing a heavier fine and penalty to the publisher: as well as taking positive measures of enforcing printing of prohibitive warnings in a minimum print size; and imposing the wrapping up of such publications as a must.

The meeting has achieved the purpose of raising the awareness of the extent of the potential problem that obscene publications could have on our younger generation. Similar gatherings of this nature on other topics will be arranged in the coming months. Jaycee members who are interested in joining the Committee can contact the undersigned at 1168393 C3988 or Jaycee Lina Yeung at 528 9606.

SINGAPORE ASPAC HIGHLIGHT

"Coaching Quartet" - May 28, 1994 Singapore ASPAC

The first and foremost training sessions being held by the Hong Kong Junior Chamber of Commerce took place at the Shangrila Hotel, Singapore, on May 28.

Well before the hosting session, trainers have been busy in distributing circulars, setting up the environment in the right mood, and paying hours in preparation of the seminar.

The efforts paid were proven to be rewarding, as the afternoon session began at 2.30 p.m. We have about 70 participants from all over Asia from Australia, Sri Lanka, India, Malaysia, Taiwan, and Hong Kong. EVP Crispin Dy, JCI VP Senator George, and JCI World President Arnaud Godere all came round to greet the trainers and boost the morale.

The Quartets began playing the tune with:

Ice breaking exercise - Tony Chan

Coaching Formula - S K Lai

How to be a motivational coach - Senator Paul Chan

The Art of Story Telling - Senator Justin Lui

Experience Sharing - Senator Shelina Chung

Asides from active group discussion, the session came to its climax at the experience sharing module, when everyone on the floor were invited to give a one minute experience sharing with other trainers on their experiences. Everyone was pocketing with some good tips home and many of them were expressing their good feeling and comments with the session.

Our appreciation goes to the contributing trainers and the Training and Development Committee for their well spent efforts. Our next target is to host a training session at the coming World Congress at Kobe. Bravo! Hong Kong trainers. And keep up your efforts!

World Speaking Competition - May 28 in 1994 Singapore ASPAC

History began with a new page when our Jaycee Irene Tsang came our to be the winner for the Area B World Speaking Competition, titled "50 Years of Accomplishment".

The winner Irene, from Harbour Jaycees would like to share with you the following:

"....Have you ever considered for one moment, how different the world will be without JCI? Without the hundreds and thousands of members implementing projects in concern of children's future, economic development and the environment, just to name a few. I think the world will still be good, but definitely not better. Let us not sit back and admire our achievements but to continue with our goals. For some, it may be decades before they could be reached, and along the way, there are additional ones. Awareness, creativity and action planning must gain momentum to enable to continuity of influential work projects. To support this force, we must also let known to other men and women in the community who are not yet part of us..."

JC Irene felt that although the winning came as a surprise, she really appreciates the chance of standing in front of the judges and a mass audience from other countries. A little nervous than her usual performance, she is looking forward to represent Hong Kong in the Kobe World Congress in the coming November.

Well done, Irene, CONGRATULATIONS!!!!

Scheme to shed light on values

A NEW project has been set in motion to shed light on how young people choose to behave, as seen through their spending habits and the way they view money.

The weekend camp will be held on 30 and 31 July at the Wu Kai Sha Youth Village in Sha Tin and is open now for applications from 15 to 19 year olds.

Through interactive games, role play and group discussions, it is hoped that the students will gain a better understanding of how they view money and how money relates to other values in life.

"The Hong Kong Junior Chamber of Commerce wants to be of some help in instructing a wholesome and balanced development in the youngsters of Hong Kong.

"The school curriculum does not provide students with a knowledge of how to manage money," Ms Cheng said.

Diversions planned for the camp include "friendship is worth, above all", "money is everything", "money is comparative value to us" and "money versus other values".

The survey for the project was conducted by the Social Research Centre of the Chinese University which used telephone interviews with random samples of people aged 15 to 19.

The results showed that most people hold a positive attitude towards their money and behaviour.

The survey also showed that people hold a positive attitude towards their money and behaviour.

The survey also showed that people hold a positive attitude towards their money and behaviour.

The survey also showed that
