

MESSAGE FROM NATIONAL PRESIDENT

MESSAGE

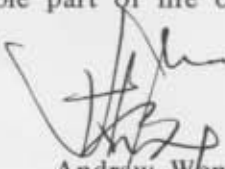

The Jaycee ideal is founded on the firm belief in global brotherhood, individual development, economic justice and service to humanity – principles that are well embodied in our Creed. We translate our belief in projects and programs that fit the needs of our community, thus enabling us to stand out as an unique organisation for the young people of the world.

Over the past years, the Hong Kong Junior Chamber of Commerce has achieved a very impressive record of performance which helped mould a Hong Kong Jaycee image in civic-mindedness, propensity for leadership training and selflessness in fellowship. We owe this to the capable leadership and continued efforts of our predecessors.

With such solid foundation laid for us, we shall keep up the good spirit and search for new challenges. 1982 is not and cannot be just another Jaycee year. It is a year that offers more challenges to Jaycees in the field of community service and leadership training. It is a year in which we are to uphold the Jaycee ideal and uplift the Jaycee image. To achieve all these, we shall strive for membership growth, ensure that the public identifies the Jaycees with the principles of the organisation, provide effective and adequate training for officers and members, implement broad-based incentive scheme to recognise achievers and foster a close and harmonious relationship among chapters and members.

With the concerted efforts of the National Board and the co-operation of all the chapters, I am confident that in the year ahead, the Hong Kong Junior Chamber of Commerce will be able to meet all challenges, make achievements at higher levels and fulfill our objectives as our predecessors did in past years.

Jaycees and Jaycettes, let's join hands and work together towards the ideals of Jayceeism, and make our involvement in 1982 a memorable part of life of which we shall be proud of.

Andrew Wong
National President 1982
