

MESSAGE FROM NATIONAL PRESIDENT
JUNIOR CHAMBER INTERNATIONAL HONG KONG

As I am about to undertake the honorable duties that I have been elected to be the National President of JCI Hong Kong, I would like to express the gratitude for your confidence and trust you have bestowed. Thanks for the zealous dedication of our past presidents and all members in the past 59 years, JC members today celebrate the 60th anniversary with pride and remain faithful to the ideals of our forbearers, and true to our Creed.

Every year, we organize more than 300 projects amongst our 19 chapters. In addition to the flagship Ten Outstanding Young Persons Selection, JCI Hong Kong continues to take the lead in building a better world, a better Hong Kong, by echoing the United Nations Millennium Development Goals. We aim to arouse the awareness of the eight Goals among corporations in Hong Kong and seek their support to attain such meaningful Goals.

We aim to nurture young leaders and take the advantage of starting such training in local junior high schools. Working with the Labour and Welfare Bureau of the HKSAR, a tailored program will launch in mid-2010 for the development of the ethical values, positive attitude and mindset of young talent in building a better future.

Through our strong global network, JCI Hong Kong acts as a bridge for JC members in different countries to explore and experience the fast growing mainland China by taking the opportunity to visit the World Expo to be held in Shanghai in 2010.

Year 2012 shall be a special one for JCI Hong Kong. We shall host ASPAC again if we could successfully bid in the Singapore ASPAC this year. Let us all go to Singapore and bring the glory to JCI Hong Kong!

There are three words in our JCI Creed that I found crucial:

“We believe” and “Faith”

These three words remind us that we must have faith in what we believe in!

We believe in the ability and capacity of our young and energetic members!

We believe that our members can create positive change in the community!

We believe that we can create a better future for our next generation!

We believe that together we can create a better world!

Together, WE prevail!
